■Note ※When using au Simple Payment Service, usage fees will be incurred for Ponta Pass (548 yen/month) and Ponta Pass Light (409 yen/month) (hereinafter referred to as "this content"), but an equivalent amount will be discounted. If you are not subscribed to an eligible plan at the time of billing for this content or at the end of the month, the discount will not be applied. However, for the time being, the discount will be applied if you are subscribed to an eligible plan at the time of billing. ※If the subscription date for the eligible plan and the billing date for this content are the same day, or if payment is made by a method other than au Simple Payment Service (combined payment of communication charges), the usage fee for this content may be charged and then discounted or refunded in the following month or later. ※If multiple contracts are registered to your au ID, please set the line that subscribes to the eligible plan as the representative contract. The discount will not be applied if it is not the representative contract. ※The free usage fee benefit of this content and the discount from the plan that includes this content will not be applied together. The discount will be applied after the free usage fee benefit ends. ※You can continue to use the service after changing from the applicable fee plan, but the discount will end. If you wish to cancel your subscription, a separate procedure is required. ※This content is a service that offers various coupons with different contents on a regular or irregular basis. The benefits, contents, etc. may be changed or terminated without notice.

(Application required)

[Home Set Discount] ★1: Subscription to eligible home Internet service, etc. is required. Subscription example) For au HIKARI HOME / Zutto Giga Toku Plan (contract term: three years), a basic fee of 5,610 yen/month plus a monthly telephone usage fee of 770 yen/month (550 yen/month for use until June 2025) separately apply. A contract cancellation fee of 4,730 yen may apply upon cancellation of the Internet service, depending on the length of your contract. ※Application required <Requirements: Subscription to ① and ②>①Toku-Toku Plan 2 with UQ mobile ② "Eligible Home Internet service (Internet + phone)" or "au electricity" ※If surnames or home addresses differ between the eligible home Internet service and au electricity subscribers, in-person procedures in-store and a document proving your family relationship is required. ※A total of 10 UQ mobile/au lines per eligible service contract. **[au electricity]** If you live in a residential complex with a collective building-wide electricity service, or in an all-electricity home, you cannot subscribe to seasonal plans etc. **[au PAY Card Payment Discount]** <Requirement> The registered payment method must be an au PAY Card at the end of the month. ※If you use lump-sum or KDDI consolidated billing, the billing group's payment method is used to determine the payment method. **[Komi-Komi Plan Value / Toku-Toku Plan 2]** ※The data allowance is consumed in the following order: carried over data, the monthly data allowance (including the additional data allowance) and data purchased separately. The maximum carryover is limited to the remaining basic data allowance from the previous month, which is available until the end of the current month. If this plan is applied in the middle of a month, the monthly data allowance for the applicable month will be the data allowance of the plan with the larger data allowance before and after the plan change. ※If you cancel your contract in the middle of a month, you will be charged the full amount of the basic usage fee. ※If your data usage exceeds the monthly data allowance, your communication speed will be restricted to a maximum of 1 Mbps until the end of that month. In addition, if your data usage exceeds the following data volumes, your communication speed will be restricted to a maximum of 128 kbps until the end of that month: Komi-Komi Plan Value: 50 GB; Toku-Toku Plan 2: 40 GB. ※Depending on the condition of our facilities, etc., the application of the maximum 128 kbps communication speed restriction may be delayed or may not be applied. ※If you subscribe to this plan, the discounts, special offers and options that are currently being applied may end. ※This plan is not applicable for Saving Mode. ※Some calling charges may differ, including calls to satellite phones. Please see the UQ website for details. In addition, designated calling charges will apply for calls to phone numbers for which other companies have set their own rates. **[Domestic SMS]** SMS communication fee of 3.3 yen per message (up to 70 characters) will separately apply. ※Up to 670 full-width characters can be sent depending on the model. However, sending fees apply for two messages up to 134 characters, and every message sent afterward for every 67 characters. **[Common points of note]** ※It may not be possible to use these promotions together with our other promotions. ※Fees separately apply for usage, universal service, and call relay service, etc. The contents may change depending on the time of application. ※Information in this flyer is current as of July 1, 2025.
